

Student Response to the Proposed Course in **Scholarly Writing**

- ✓ Yes! Yes! I'll make the time if I don't have it now.
- ✓ I think this would be a great addition – it would specifically support students interested in areas other than legal practice.
- ✓ This is an interesting and very worthwhile idea. Very similar to what some other disciplines do for or require of their graduate students. I like it a lot.
- ✓ I think the class is a great idea. I'm not certain what my comp topic will be yet, but I have thought it would be nice to have more guidance once I reach the research and writing stage.
- ✓ I like it! Get that comp paper out of the way while earning credits at the same time – great idea.
