This book grew out of Professor Miller’s three year involvement with the Lewis & Clark anniversary as the representative of the Eastern Shawnee Tribe and an advisor to the National Council of the Lewis & Clark Bicentennial.

One of the issues Professor Miller addresses is American colonies, states, and the federal government adopted the International Law, Doctrine of Discovery, and applied it to the Indian Nations from 1620-2006.

**All profits from books sold at this event will be donated to the
